

COLLEGE OF

PROFESSIONAL & GLOBAL EDUCATION

April 10, 2020

Dear College of Professional and Global Education Graduate:

We hope this message finds you well during this exceptional time. Our thoughts and best wishes go out to each of you.

One of the priorities of the College of Professional and Global Education (PaGE) is providing our military veterans access to career-training and professional certificate courses. The College of Professional and Global Education is seeking approval from the U.S. Department of Veterans Affairs (VA) to include Cal State LA's certificate and professional training programs as resources for veterans in our region. By becoming an approved VA partner, Cal State LA will be able to create and offer even more educational programs to our veteran population; opening doors to them to get, keep, or advance in a job.

To accomplish this priority, we would like to gather data from our former students, like you. The data collected from you will inform the VA how our programs have helped you professionally. Through your participation in this project, you will be happy knowing that you are making Cal State LA certificate and job training programs accessible to more veterans.

Please complete the brief survey [here](#) by April 24.

We understand and respect your privacy. Please know the information you provide will only be shared by Cal State LA with the VA. If you participate in this effort, you may receive follow up communication from the VA confirming that the information submitted by our campus is accurate.

Thank you for your participation in advance. If you have any questions or need additional information, please email us at pageprograms@calstatela.edu.

Sincerely,

The College of Professional and Global Education Team
